

sort_shell_doubles_lh

```
graph LR; A["m_sort::sort_shell_doubles"] --> B["sort_shell_doubles_lh"]
```

A diagram showing a call from a function to a library routine. On the right, a white box with a black border contains the text "m_sort::sort_shell_doubles". A blue arrow points from this box to a gray box with a black border on the left, which contains the text "sort_shell_doubles_lh".

m_sort::sort_shell
_doubles
