

m\_color::color\_name2rgb

```
graph LR; A[m_color::color_name2rgb] --> B[m_strings::lower]
```

A diagram showing a call from the function `m_color::color_name2rgb` to the function `m_strings::lower`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

m\_strings::lower
