

m_units::acosd

```
graph LR; A[m_units::acosd] --> B[m_anyscalar::anyscalar_to_real]
```

A diagram showing a call to the function `m_units::acosd` in a gray box on the left. A blue arrow points from this box to a white box on the right, which contains the text `m_anyscalar::anyscalar_to_real`. This indicates that the `acosd` function in the `m_units` namespace delegates the operation to the `anyscalar_to_real` method in the `m_anyscalar` namespace.

m_anyscalar::anyscalar
_to_real
