

printname

```
graph LR; A[printname] --> B[m_strings::substitute]
```

A diagram showing a mapping from the identifier 'printname' to the function 'm_strings::substitute'. The identifier 'printname' is contained within a gray rectangular box with a black border. A dark blue arrow points from the right side of this box to the left side of a white rectangular box with a black border, which contains the text 'm_strings::substitute'.

m_strings::substitute
